WORKPLACE & FACILITIES

1 - 2 March 2022, RDS Dublin
Conference & Exhibition
Incorporating FM Ireland

Expo.

The name **Workplace & Facilities Expo.** reflects changing demands on businesses not only to provide functioning and effective facilities but ones that enhance the employee experience, improve wellbeing and reduce staff turnover.

In recent years, businesses have become more aware of the need to attract and keep good staff. This combined with the new ways of working born out of the use of technology has resulted in new challenges such as flexible and remote working, hot desking, the employee experience... All of which have an impact on staff and their efficiency. **Workplace & Facilities Expo.** incorporates FM Ireland, Health & Safety Ireland and Fire Safety Ireland and will still showcase the latest in the essential FM Services (i.e. Cleaning, Health & Safety, Fire Safety and Security, Maintenance, Energy, etc...)
